Subject Index to Volume 15

A

Amphetamine, interaction of genetics and separation in differential responses to 5

B

Behavior, motivated, self-stimulation by DC current as a model of 151
Behaviorism, the role of, in clinical psychology ... 12
Behaviorist, review of the shaping of a 42

C

Catecholamine changes, conditional, in rhesus monkeys 188
Computerized tomographic scanning, in epileptic patients, pragmatic and behavioral aspects of 106
Conditioning, classic aversive, of coronary blood flow in mongrel dogs 93
Conditioning, of electrical activity of the visual cortex in the cat 48
Conditioning, operant, water deprivation associated with 21

D

Deafferentation studies, the relevance of, for cybernetic models of physiologic function, editorial 47
Death and neurosis, review of 46
Decision making, conditional mechanisms of 142

E

Eating, of new food, initiation of by weanling kittens 115
Electrodermal activity, bilateral asymmetries in 74
Eye movements, effects of text variables on, in reading 30

F

Food additives, an animal model of the hyperactive-child syndrome suitable for the study of the effects of 183
Freezing, post-shock, conditional and unconditional components of 177

G

Gantt, W. Horsley, *In Memoriam* 1

H

Hyperactive-child syndrome, an animal model of, suitable for the study of the effects of food additives 183
Hyperkinesis, canine, interaction of genetics and separation in 5
Hypertensive disease, in rats, effects of water deprivation associated with operant conditioning on 21

L

Lateral eye movements, conjugate, effects of level of arousal and type of task on 59

M

Muscle tension, the role of, in "repression" ... 172

N

Nervous system properties, relationship of extraversion, neuroticism, and sensation-seeking to questionnaire-derived measures of 123

P

Pavlovian society, abstracts of the annual meeting 82
Probabilistic prognosis, the ability to look into the future 135
Psychoanalysis, alive and well at 85? 131
Psychology, Russian, covert behavior and mental processes in 35

R

Reflex epilepsy, behavioral therapy and conditional reflexes, review of 45

S

Science, thoughts originating at international symposia in 1980, editorial 139
Skin conductance asymmetry, bilateral, effects of level of arousal and type of task on 59
Sleep EEG, acute effects of viloxazine HCl and flurazepam on 68
Social order and mental health, review of 91
Subject emotionality, and subsequent pylorus ligation-induced or restraint-induced gastric ulcer 102

T

Temperament/personality research, new perspectives in, the "behavioral" model of the Warsaw Group 159

W

Warsaw Group, the "behavioral" model of the, new perspectives in temperament/personality research 159

Contributors to Volume 15

A

Arzumanov, J. 142

B

Ban, T. A. 68
Barcus, R. 183
Becker, R. E. 5
Billman, G. E. 93
Brackett, D. J. 21
Brooks, C. M. 139

C

Clinton, C. L. 68
Conn, J. H. 131
Connor, R. L. 5
Corson, E. O'L. 5
Corson, S. A. 5, 183

E

Erwin, R. J. 59

F

Fanselow, M. S. 177
Farmer, R. G. 172
Feigenberg, I. M. 135
Ferster, C. B. 12
Forster, F. M. 106
Franks, C. M. 12
Freemon, F. R. 68

G

Gantt, W. H. 42, 45, 46, 91
Ginsburg, B. E. 5
Glavin, G. B. 102
Gross, J. S. 74

K

Kazdin, A. E. 12
Kleinman, K. M. 59
Kostandov, E. 142

L

Levis, D. J. 12
Long, A. M. 115
Lucas, L. A. 5

M

Mangan, G. L. 123, 159, 172
McCarty, R. 188
McClanahan, B. A. 59
McGuigan, F. J. 1, 35, 47
Mikhailova, N. G. 151
Murphy, G. 172

N

Natelson, B. H. 188

P

Paisey, T. J. H. 123, 159
Panksepp, J. 5
Pavlygina, R. A. 151
Petrie, W. M. 68

R

Randall, D. C. 93
Reshchikova, T. 142

S

Sanders, D. S. 30
Schaefer, C. F. 21
Schwebel, A. I. 183
Scott, J. P. 5
